Greetings CTAE Family!

Today, we enjoy the tremendous support of the State School Superintendent, Dr. John D. Barge. We also have one hundred percent support from the Chief Academic Officer, Dr. Mike Buck and from the entire leadership at the Georgia Department of Education (GaDOE). I truly believe that we are experiencing the greatest support that CTAE has ever seen. In addition to support at the DOE, we have support from legislators, business, and industry partners.

Dr. Barge is focused on "Making Education Work for All Georgians." Therefore, each of us in CTAE must be committed to doing our part in making sure that education does work for all Georgians. Let's all work together to ensure that students are more prepared for a career or college when they finish their high school education.

Over the next few months, we will make quite a few changes to the College and Career Clusters as we work to align with the Federal Clusters and integrate the Common Core Curriculum. We will have many opportunities for you and your CTAE teachers to join us as we work on improving the clusters and pathways. This is a very large undertaking and will require assistance from all stakeholders.

Let me encourage you to participate in our upcoming professional learning opportunities. You will not want to miss attending one of the remaining Dr. Bill Daggett seminars on "Making Education Work for ALL Georgians: Supporting Evidence from Research, Model Schools and Exemplary Practices." Also, please register for the upcoming CTAE Administrator Winter Leadership Conference, which will take place on Feb. 2 – 3, 2012, in Athens, Georgia. See the information in the body of the newsletter below regarding registration dates and hotel availability.

I would like to express my sincere appreciation to each of the CTAE team members, as I have transitioned into the interim director position. Everyone has made me feel at home and have been very supportive. Your viewpoint is welcomed. Please do not hesitate to give me a call or email me, at any time. I look forward to working with each of you in the future.

Thanks for all you do for CTAE,

David

Field Trip Grant Information available for CTAE Educators

The Georgia Nature Center is offering field trip grants up to \$2,000 to schools in Georgia through January 2012. Grants for Career, Technical and Agricultural Education educators are being awarded on a first-come, first-served basis. Call 1-800-800-2786 ext. 3100 to speak with a field trip coordinator.

Having trouble arranging buses for field trips? Grants can be applied toward discount charter bus packages:

<http://Buses.NatureCenter.com>.

Looking for something special for gifted students? Select a half-day or full-day EcoCamp program where students build solar toys and plant rare carnivorous plants: <http://www.EcoCamp.Org>.

For more information, contact: Jeff Gold, Founder, Georgia Nature Center, www.NatureCenter.com.

School Counselors and Teachers-As-Advisors (TAA) Webinar Series

Contact Emily Spann (espann@doe.k12.ga.us), Vivian Snyder (vsnyder@doe.k12.ga.us), or Jackie Melendez (jmelende@doe.k12.ga.us)

cbanks@doe.k12.ga.us

Accountability and Improvement Update

FY12 Perkins Five-Year Compliance Reviews

The CTAE Region Coordinators have completed the majority of the forty FY12 Perkins Five-Year Compliance Reviews. Without the involvement and support of the local CTAE Directors, supervisors, instructors and team members this would not have been possible. The Region Coordinators thank all of you for your help.

Completing the Grant Application Process on the Consolidated Application

CTAE Directors:

Please review the “Program Status” screen in the Consolidated Application to ensure that all your grants have been designated “Approved” under the Budget Status tab and “Program Manager Signed-off under the “DC (Data) Status” tab. If any grant indicates “Program Manager Revisions Requested,” you must review the “Audit Trail” to see the revisions that are requested, and then make the changes and sign-off. If any grant shows only “coordinator sign-off,” contact your superintendent and request that he/she signs-off on the specific tab that requires sign-off. All grants must be signed-off before November 30, 2011, or systems will risk losing their grant funding. Please give this issue your immediate attention!

CTAE Programs

**Healthcare, Public Safety and Cosmetology
Architecture, Construction, Communication and Transportation (ACCT)**

Important Dates to Remember:

Nov. 29, 2011	A workshop entitled “Engaging Students Through Differentiated Learning” presented by Dr. Gilda Lyon will be held in Douglas, Georgia at the Coffee County Professional Learning Center. Teachers in the Healthcare, Public Safety, Cosmetology and ACCT program areas can sign up at www.ctaern.org . This workshop is filling up fast, so don’t delay if you are interested.
Dec. 1-2, 2011	A CPR instructor class will be held in Barrow County. This workshop is already full, but the American Heart Instructor Pat Rape is keeping a waiting list. If you are interested in having your name on her waiting list, please contact her at pat.rape.email@gmail.com .
Jan. 27, 2012	A Phlebotomy class/medical lab workshop is being planned as a pre-TIEGA/HSTEA conference workshop. The class will be posted soon and will have a separate sign up on www.ctaern.org .
Jan. 27, 2012	An Industry certification workshop will be held for healthcare teachers who are currently seeking this credential for their program. An informational session for those who desire to participate in the future will be held on Saturday, January 28.
Jan. 26-27, 2012	A CPR instructor class has tentatively been scheduled to be held in Columbus prior to the Winter workshop. The class will be posted on www.ctaern.org soon.
Jan. 27-28, 2012	A Winter workshop for Healthcare (HSTEA) and (TIEGA) Public Safety, Cosmetology and all ACCT or T&I programs (Automotive, Construction, Drafting, Graphics, Broadcast, etc.) will be held in Columbus. Registration forms for ACCT or T&I can be found at www.tiega.org . Registration forms for Healthcare can be found at www.hstea.org . This is a great workshop with program specific professional development. It is also a wonderful networking experience with other teachers that teach the same courses as you do. Don’t miss this opportunity.

Construction Education Foundation of Georgia (CEFGA) Continues Connecting Industry to Education

Careers in Construction Week (CICW) has been yet another success this year! About 20 schools participated this year through field trips, guest speakers, demonstrations and various other means to reach out to young people in the architecture, construction and engineering courses around the state. Along with the CICW activities, CEFGA has begun working with SkillsUSA and the other education foundations to coordinate another outstanding Career Expo in March. The planning team for the construction area held the first planning session. This year there will be an effort to help the Georgia Department of Education to draw attention to the Department of Labor career clusters and how our Career Pathways tie in. This year’s Expo logo will even reflect the different clusters represented at the Expo and by SkillsUSA. The expectation is that this year’s SkillsUSA State Championships and Career Expo will be the biggest and best! The hope is that the attendance will top 7,000 attendees. We hope to see everyone there on March 15-17, 2012, for the SkillsUSA State Championships and Career Expo!

Thank you for your patience during this busy time. Healthcare, Public Safety, Cosmetology and ACCT programs, please submit any suggestions for professional development classes you would like to have offered to Phyllis Johnson, pjohnson@doe.k12.ga.us.

Marketing, Sales and Service

Marketing Education Professional Development Conference

Thank you in advance to the administrators who will be sending their Marketing Education teachers to our Professional Development Conference at Lanier Charter Career Academy in Gainesville. The use of Lanier Career Academy's conferencing center with its affordable costs for meeting rooms, food and beverages and state-of-the-art technology makes it possible to keep costs to a bare minimum for school systems. As always, the Georgia Marketing Education Association is committed to quality programming. A team of presenters from Turner Broadcasting representing various areas of business and marketing will provide cutting-edge information and offer their electronic presentations to be used by teachers in the classroom. In addition to business and industry updates, teachers will also receive curriculum lesson plans and activities and will receive important DOE and DECA updates. We cordially invite CTAE administrators and principals to attend this conference with their teachers.

New DECA Chapters in 2012

There are ten new DECA Chapters to date and over fourteen new advisors around the state. Considering the economic downturn, we are very pleased to have new Marketing teachers/DECA advisors and new DECA Chapters.

WorkWinWow Conference for DECA Advisors

Over 110 DECA advisors attended the WorkWinWow Conference that was held at Lanier Charter Career Academy on September 23. Advisors participated in roundtable discussions and workshops and were able to network with their colleagues. Thanks to our dedicated teachers and supportive administrators, this conference increased in attendance by 30 advisors this year.

DECA Fall Rally

The Georgia DECA Fall Rally was held on October 14, at the Georgia National Fairgrounds. Over 1,080 students and advisors attended the rally and participated in a General Marketing Test, T-Shirt Design Competition, Brochure Competition and a Themed Speech Competition. Again, thanks to our teachers and administrators who helped us double our attendance in our second year of attendance.

DECA Fall Leadership Development Conference

The Georgia DECA Fall Leadership Development Conference was held on October 27-28, at the Crowne Plaza Ravinia Hotel. Over 1,300 students and advisors (an increase of 300 attendees from last year) were present. Over 30 different sessions and events were hosted by the national Tri-Leadership organization and our professional, hard working Georgia DECA State Officers. Georgia DECA announced over 400 Statesman Award Winners at this conference.

Special Populations – Georgia Career & Technical Education (CTI)

Fair Fever – Georgia CTI Catches it!

Georgia CTI teamed up with Georgia DECA and welcomed over 100 schools to the first CTI Fall Rally at the Georgia National Fairgrounds! In the beautiful and historic city of Perry, over 230 CTI participants from around the state joined together for a day of competition, excitement and motivation!

The rally was led by the Georgia DECA state officers and our Motivated Speaker Eddie Slowikowski kept the students entertained and energized. Participants spent the afternoon after the rally enjoying the fairgrounds with unlimited rides, exhibits and food. Cash prize premiums for each contest were: 1st place-\$75; 2nd place-\$50; 3rd place-\$25, and were awarded to the winners in the areas of T-Shirt Design, Pin Design, Banner Design, and Themed Speech Event. The placements for each chapter were calculated and the chapter with the highest accumulated points is awarded the Georgia National Fair Superior Chapter plaque and \$500 – congratulations goes to Swainsboro High School on receiving this award! The second place chapter is awarded the Georgia National Fair Reserve Superior Chapter plaque and a \$250 prize – congratulations goes to Centennial High on receiving this award!

All prizes are sponsored by the Georgia National Fairgrounds the total of combined prize money is almost \$1,500! Cash prizes will be mailed to the chapter at the conclusion of the Fair.

Congratulations to everyone on your hard work and dedication to your students and to Georgia CTI.

Family and Consumer Sciences (FACS), Culinary Arts, Education

GATFACS Professional Development Conference

GATFACS is hosting their annual teacher professional development conference in January 2012, at the Hyatt Riverfront in Savannah. All teachers are encouraged to attend. Some of the professional development sessions are end of pathway assessments crosswalk; integrating core curriculum; developmentally appropriate practices in ECE; culinary certificate requirements; food science; integrating technology in the classroom; how to obtain a CDA (National Child development Associate Certificate) in high school; how to establish an active and productive advisory committee; middle school best practices; FCCLA updates, and activities for classroom integration; and a DOE update – to name a few. Administrators are welcome and encouraged to attend. Registration is available at <https://www.registermychapter.com/gatfacs>.

Culinary Arts

Culinary arts instructors must be certified in culinary arts or have an interim certificate while they work on their culinary arts certificate. The Culinary Institute of America is working with us to ensure that culinary arts instructors are certified. One component of the certification process is a two-day training which will be held at the GATFACS Winter Conference in January. Please have teachers needing certification to register for this workshop available at <https://www.registermychapter.com/gatfacs>.

Early Childhood Care and Education

High school juniors and seniors may now earn a national credential - Child Development Associate (CDA), which is a minimal requirement for teachers in a pre-k setting. Guidelines will be discussed at the GATFACS Winter Teacher conference, and are available at www.cdacouncil.org.

Work-Based Learning and Youth Apprenticeship

2012 Youth Apprenticeship Assessment and 2012 Work-Based Learning Data Report

The updated Youth Apprenticeship Annual (YAP) Assessment for 2012 is now on the GaDOE website available for download. Each system receiving the YAP grant is required to submit this document by April 2, 2012. This is a system report, not a school report. Systems with multiple schools must compile the data relevant to the Youth Apprenticeship Program into one report for the entire school system. This document must be submitted by the CTAE Director of each system receiving the YAP grant. Instructions for submitting are included in the document. Each YAP coordinator is encouraged to download the document now and compile the data as the year progresses.

The updated Work-Based Learning (WBL) Data Report for 2012 is now available on the GaDOE website available for download. This report is relative to all WBL students, except for Youth Apprenticeship students. Each WBL coordinator supervising students in cooperative education (coop), internships, or employability skill development (ESD) must submit this report by April 2, 2012. The WBL Data Report is a school level report by coordinator. Schools that have multiple coordinators should have each coordinator submit a report. This document is submitted directly by the coordinator. Instructions for submitting are included in the document.

Each WBL coordinator is encouraged to download the document now and compile the data as the year progresses.

In situations where a school-wide coordinator also serves as the YAP coordinator (as in most single high school systems), two reports must be submitted. The YAP Assessment will contain data relevant to the YAP students and the WBL Data Report will contain the data relevant to all other WBL students.

Region Meetings for YAP/WBL Coordinators

The state is divided into six regions for support of WBL/YAP coordinators. All WBL coordinators are encouraged to attend these meetings. To get on the mailing list for updates and notices about the region meetings, please contact your region chairperson listed below:
