PART III. EXECUTIVE SUMMARY

Basic Information
School Name: Floyd County Schools College and Career Academy
Type: LEA Start Up

Originally approved by the Floyd County Board of Education on July 16, 2007. Revised and approved by the Floyd County Board of Education on December 19, 2007.

Mission
To ensure a viable 21st century workforce for Floyd County.

Academic Program
Floyd County Schools College and Career Academy will be a replication of Georgia’s nationally-recognized model school for workforce development - Central Educational Center in Newnan, Georgia. As such, FCSCCA will be an extension of the programs of the four high schools in Floyd County and will also be an off-campus center of Coosa Valley Technical College. The charter will have a focus toward integrating academics and advanced career/technical education programs. Instructional methods shall have a bias toward “project-based” instruction and will benefit from the alignment and seamless blending of academic courses with career, technical and agricultural education courses, the blending of high school with the rigor and expectations of college coursework, and the relevance resulting from the blending of public education with the priorities and expectations of business and industry.

Organization
FCSCCA represents a cooperative partnership among local business and industry and public education, as represented by the Greater Rome Chamber of Commerce, the Floyd County School System, and Coosa Valley Technical College.

As evidence of public interest, since early 2004, Floyd County Schools and its partners have been studying Central Educational Center and its replications. Since November 2006, business leaders, educators and community volunteers in Floyd County have cooperated to develop a charter technical school for our community and possibly for our region. This school will build on the already successful programs offered by Floyd County Technical High School and Coosa Valley Technical College, which are directly across the street from each other. The school system applied for and received a charter planning grant, and in December 2006, the stakeholders formally organized as a Steering Committee and brought on a consultant who was a past CEO of Central Educational Center. That consultant (Russ Moore) helped us create a non-profit corporation, plan a community needs assessment and write the attached charter for the local and state Boards of Education to approve.

By June, the stakeholders recommended a charter school agreement to the Floyd County Board of Education, which approved it unanimously on July 16, 2007. Further, the Steering Committee and consultant helped Coosa Valley Technical College and the school district complete the DTAE grant application for matching facility funds and operational funds. Our partnership was honored to receive the full grant award of $3.2 million, one of only four career academy
partnerships in the state to qualify at this level from among 19 applicants. In December 2007, at
the request of the Georgia Department of Education, the Floyd County Board of Education
revised and approved this charter petition to comply with the State Board of Education’s newly
adopted Charter School Rule.

On April 4, 2007, our Steering Committee approved and our Superintendent sent a letter of intent
to the State Board of Education via the Charter Program Manager and copied our Board of
Education. Further, members of the Board of Education not only approved our charter petition,
many of them have been involved formally in our planning effort since it was envisioned in 2004
and on our Steering Committee since it was formally established in December 2006. Our
planners have adopted the philosophy, “We will put the FACT back in SatisFACTion,” which is
a service mark of our consultant’s firm (Seamless Education Associates, Inc.). We have
committed to determine our own satisfaction by the ability of our partnership to achieve our
charter-mandated performance objectives, among other measures our CEO and governing Board
of Directors will adopt and track.

Floyd County Schools College and Career Academy will not be operated by an Education
Management Organization. Instead, it will be governed by the Board of Directors of FCSCCA,
under the control and management of the Floyd County Board of Education. The Directors will
be comprised of four parents, two business representatives, four education representatives, and
one representative at-large.

On July 16, 2007, the Floyd County Board of Education approved a charter petition to create and operate Floyd County Schools College and Career Academy as an LEA Start Up Charter Career Academy. This petition was revised and approved by the Floyd County Board of Education on December 19, 2007. The following is the primary contact for the petitioner authorized by the Board of Education to execute the charter contract:

Mr. Frank Pinson, CEO
Floyd County Schools College and Career Academy
100 Vocational Drive
Rome, Georgia 30161
(706) 236-1860

*Ages and Grades Served*

FCSCCA may provide instruction to pupils in grades 9 through 12. The range in ages of students of FCSCCA may be 13 through 20. Students served may include students from other local school systems upon agreement between the Local Board and Boards of Education from other local systems.

*Charter Term*

The charter term will be for ten (10) years, commencing on July 1, 2008 and expiring at midnight, June 30, 2018.
STATEMENT OF MISSION

Floyd County Schools College and Career Academy’s mission is taken from research done in the local community and commissioned by the Floyd County School District and Coosa Valley Technical College. That mission is “to ensure a viable 21st century workforce for Floyd County.”

Supporting Legislative Intent

Floyd County Schools College and Career Academy (FCSCCA) will be a direct replication of Georgia’s nationally-recognized model school for workforce development – Central Educational Center (CEC) in Newnan, Georgia. As such, FCSCCA represents a cooperative effort among local businesses and industries and secondary and post-secondary education institutions, represented by the Greater Rome Chamber of Commerce, the Floyd County School District, and Coosa Valley Technical College. Other partners may be added, during the term of this Agreement, upon approval by the Floyd County Schools College and Career Academy Board of Directors.

FCSCCA’s planners have incorporated as Floyd County Schools College And Career Academy, Inc, a Georgia nonprofit corporation (see Articles of Incorporation and By-Laws in Exhibit II), and since 2006, a public-private Steering Committee has been using CEC’s ADDIE process (Analyze, Design, Develop, Implement, and Evaluate) outlined in Central Educational Center’s Dissemination Manual. That manual was prepared and published using federal and state charter dissemination grant funds, following State Board policies based on state law drafted and amended by the Georgia legislature, and supported by two Georgia governors.
To support the legislative intent to “increase student achievement through academic and organizational innovation,” Floyd County Schools College and Career Academy will follow the same process used to create and refine CEC. Floyd County Schools College and Career Academy will be organized as an extension of the programs of the then-existing high schools in Floyd County, and as an off-campus center of Coosa Valley Technical College (a participating partner under agreement with the Local Board), with a focus toward integrating academics and advanced career/technical education programs.
Focus of Curriculum

The focus of the curriculum shall be the integration of academics and advanced career/technical education. Students shall be advised toward a “major,” and secondary and postsecondary programs shall be seamlessly linked.

Instructional Methods

Instructional methods shall have a bias toward “project-based” instruction and will benefit from the alignment and seamless blending of academic courses with career, technical and agricultural education courses, the blending of high school with the rigor and expectations of college coursework, and the relevance resulting from the blending of public education with the priorities and expectations of business and industry. The secondary curriculum shall lead to both post-secondary curriculum choices and to work-based learning opportunities.

Student-Teacher Ratio

The teacher-to-student ratio shall not exceed the allowable standards required in Floyd County High Schools.

Students Served (Including Special Needs, Disabled, Gifted/Talented)

Students in grades 9-12 (ages 13-20) are the students who may be served with an emphasis on students in grades 10-12. In meeting the district’s requirement of providing “free and appropriate public education,” FCSCCA shall enroll any student (including students with disabilities and ESOL students) who resides in the designated attendance zone and who submits a timely application, unless the number of applications exceeds the capacity of a program, class,
grade level or building. In such case, all such applicants shall have an equal chance of being admitted through a random selection process unless otherwise prohibited by law; provided, however, that FCSCCA shall give enrollment preference to students who reside in the attendance zone and to those who are already enrolled at the school. FCSCCA will not have a gifted/talented program, though students identified as gifted and talented will have the same chance of enrollment as other students.

**Extracurricular Activities**

FCSCCA will not offer extracurricular activities related to athletics or the arts, as such are already provided by the base high schools and outside the mission of FCSCCA. FCSCCA will house such Career and Technical Student Organizations (CTSOs) as deemed necessary and expedient by the Local Board and the Directors, considering the focus of the instructional program of FCSCCA.

**Credits and Graduation (Completion)**

FCSCCA will not grant units or completion credentials. Those credits will be awarded as Carnegie Units and as High School Diplomas by the Floyd County High Schools in which each student is enrolled; i.e., courses taken at FCSCCA will result in Carnegie Units being awarded to the student by a Floyd County High School. In addition, students shall be awarded technical certificates of credit, diplomas and/or associate degrees based on standards established by the Technical College System of Georgia and Coosa Valley Technical College. Students will be encouraged to take High School and post-secondary dual-enrollment courses based on a “major” and career counseling provided by Floyd County High Schools, FCSCCA and post-secondary staff. Such counseling will be biased towards on-time completion of High School and the
receipt, at a minimum, of a High School Diploma by each student. FCSCCA students will meet the same graduation requirements set by the Floyd County Board of Education as any other Floyd County High School student. FCSCCA will not use its waiver to ease graduation requirements and will comply with the statewide graduation rule.
STATE AND FEDERALLY MANDATED SERVICES

**Students with Disabilities**

Students with special needs and disabilities will be served by the Floyd County School System, as directed by the Local Board, with appropriate services provided at FCSCCA by district staff in keeping with FCSCCA’s mission and the resources provided by the Local Board. Special education staff at FCSCCA will collaborate with Special Education staff at the High Schools to meet individual student needs.

For students with disabilities, FCSCCA will provide state and federally mandated services as follows: Related Vocational Instruction services shall be provided to assist students with Individualized Educational Programs (IEP), upon review by a committee including credentialed professionals from Floyd County Schools and representatives from FCSCCA, to excel in FCSCCA. The provision of these services will follow, at a minimum, district policies using district procedures.

**English Language Learners**

For English Language Learners (ESOL), FCSCCA will provide state and federally mandated services by extending programs already offered at the base high schools in Floyd County, under the supervision of the Local Board.

**Compliance with Laws and Regulations**

FCSCCA shall comply with all federal, state and local rules, regulations, court orders, and statutes relating to funding; civil rights; insurance; the protection of the physical health and safety of school students, employees, and visitors; conflicting interest transactions; and the
prevention of unlawful conduct. Furthermore, FCSCCA shall be subject to all laws relating to unlawful conduct in or near a public school; the provisions of Part 3 of Article 2 of Charter 14 of this title; and all reporting requirement of O.C.G.A. § 20-2-320.

Supplemental Educational Services and Remediation

FCSCCA will offer such supplemental educational services and remediation in required cases pursuant to SBOE Rule 160-4-5-.03 and 160-4-5-.01 as deemed necessary and expedient by the Local Board and the Directors, considering the focus of the instructional program of FCSCCA.
GOALS AND OBJECTIVES

FCSCCA’s performance-based goals will be the following:

1. As a result of the educational opportunities offered at FCSCCA, Floyd County Schools will exceed on a majority of the USDE benchmarks in Perkins’ accountability measures annually during the term of this Agreement.

2. As a result of the educational opportunities offered at FCSCCA, Floyd County Schools will produce graduates whose high school diplomas meet the requirements of a Career Readiness Certificate endorsed by related industries. The number of students earning a Career Readiness Certificate will increase by 2% per year over the term of this agreement.

3. As a result of the educational opportunities offered at FCSCCA, the average percentage of Floyd County students dual-enrolled in technical college programs will increase 2.5% per year over the term of this agreement.

4. As a result of the educational opportunities offered at FCSCCA, Floyd County schools will increase the average number of students in work-based learning programs by 2.5% per year over the term of this agreement.

5. As a result of the educational opportunities offered at FCSCCA, Floyd County High Schools will increase the number of students graduating annually who meet the requirements of the new State Graduation Rule. This improvement will be calculated by comparing the graduation rates of students who attend FCSCCA against the average graduation rate of all Floyd County High School students who do not attend FCSCCA. Since all students attending the FCSCCA are receiving diplomas from Floyd County High Schools, if FCSCCA’s graduation rate exceeds the average of all High School
students not attending FCSCCA, and if the FCSCCA graduation rate increases annually, FCSCCA will be assumed to be helping increase Floyd County’s High School graduation rate.

6. As a result of the educational opportunities offered at FCSCCA, 90% of the students who attend FCSCCA and receive at least one technical certificate will be employed in a job directly related to that certificate or enrolled in post secondary education within 90 days of graduation from high school, every year.

Public Interest and Improvement

The above goals were considered and approved by a large number of community planners, as well as by the Local Board. Approval by these stakeholders indicates certainty on the part of the local planners and authorizers that the achievement of these goals is in the public interest. Further, the planners and authorizers believe and hope that the achievement of these goals will help the community achieve other measures of individual, community and economic success.
WAIVERS

Except for The Charter School Act of 1998 and O.C.G.A. 20-2-211(e) (fingerprinting and criminal background check), FCSCCA shall be exempt from all Local Board of Education and State Board of Education Policies, Regulations, and Procedures and from provisions of Title 20 of the Official Code of Georgia Annotated that are in conflict with the provisions of this agreement, thus utilizing the broad flexibility from law, rule and regulation listed in O.C.G.A. § 20-2-2065(a). FCSCCA will comply with all the requirements of the Single Statewide Accountability System.

**Accountability Compliance**

FCSCCA shall comply with all federal, state and local rules, regulations, court orders, and statutes relating to funding; civil rights; insurance; the protection of the physical health and safety of school students, employees, and visitors; conflicting interest transactions; and the prevention of unlawful conduct. Furthermore, FCSCCA shall be subject to all laws relating to unlawful conduct in or near a public school; the provisions of Part 3 of Article 2 of Charter 14 of this title; and all reporting requirements of O.C.G.A. § 20-2-320.

**Exceeding Expectations**

FCSCCA’s Directors expect that FCSCCA will exceed expectations, in part because of the flexibility granted by Georgia’s Charter School Law and the above waiver. When considering approval of the annual report, the Directors will specifically ask the CEO to state whether or not the school has exceeded expectations, and if so, to what degree it has done so.
ASSESSMENT METHODS

Student Performance Data Assessment Plan

FCSCCA will assess individual and aggregate student performance each semester using an accountability system approved by the Directors. This system will involve the creation of a database unique to FCSCCA to track traditional student achievement measures (enrollment, grades, demographics, etc.) as well as measures of achievement not traditionally associated with academic success that are relevant to FCSCCA’s mission (standardized test scores, placement in work-based learning and college programs, etc.). The data will be available to administrators, counselors and teachers as they collaborate to enhance each student’s success, and the data will be available to students and parents upon request as permitted by state law. The data will also be included in the report to be prepared and submitted to the State Board annually by October 1. This report will comply with all requirements set out in O.C.G.A. § 20-2-2067.1(c)(1)-(6), including all State-mandated assessment and accountability scores.

Since most students will attend FCSCCA on a part-time basis and their base high school the remainder of the time, it is not possible to have a separate school code assigned by the state Department of Education. Students will be counted in the AYP report of their base schools; however, the CEO will report to the Directors FCSCCA’s impact on the district and its High Schools meeting AYP.
Cooperation on State-Mandated Assessments

The Directors will consider this data annually as they assess the challenges and successes of the school, consider opportunities for continuous improvement of FCSCCA, and prepare the state-mandated annual report.

The collection of student performance data will complement data collection methods and procedures used by Floyd County High Schools.

Measuring Student Improvement and Achievement

Assigning course credit, determining whether or not students meet graduation requirements, and granting of diplomas and technical certificates of credit will be the responsibility of Floyd County Schools and Coosa Valley Technical College. Student test scores will be tracked to determine if they meet or exceed the system average as a whole and in each subgroup on both the End of Course and Georgia High School Graduation Tests. The impact of the educational program of this Charter School will not just affect the data of the Charter School, but is expected to impact the performance of the entire school system.

Students who fail the EOCT or portions of the GHSGT will be provided additional help both at the Charter School and at their base high school to improve their skills through tutoring both during the school day and extended time. Supplemental services, if required, will be offered through the base high schools.
Federal and State Accountability

FCSCCA will not waive the accountability provisions of O.C.G.A. § 20-14-30 through § 20-14-41 and federal accountability requirements.

For accountability purposes, FCSCCA will generate a separate report using the same test data and subgroups as the No Child Left Behind Accountability report for those students who attend FCSCCA each year. The impact of the educational program of this FCSCCA will not just affect the data of FCSCCA but is expected to impact the performance of the entire school system.
SCHOOL OPERATIONS

Management

The CEO is directly accountable to the Directors for the performance of FCSCCA. The CEO’s primary role shall be the continuous improvement of the partnership that creates FCSCCA and of the programs included as a part of FCSCCA.

The CEO shall have the assistance of, as direct reports, the following positions:

A Director of High School Programs for the Charter School who shall be directly responsible for secondary personnel, scheduling of classes, and such other duties as may from time to time be assigned by the CEO in consultation with the Local Board.

A Business-Community Coordinator/Director who shall be directly responsible for describing the Charter School to the business community, gathering the support of the business community, and such other duties as may from time to time be assigned by the CEO in consultation with the Local Board.

A Director of College Operations, who reports directly to Coosa Valley Technical College, shall also support the CEO.

An Administrative Assistant, whose job description and work schedule will be determined by the CEO.
**Attendance Zone**

The attendance zone for FCSCCA shall be the Floyd County School System. As well, if the Local Board reaches agreements with other local boards, representing local school systems, the attendance zone may be expanded to accommodate such agreements. Tuition and/or fees may apply to students attending through agreements with other local boards.

**Admissions Rules and Procedures and Enrollment Priorities**

FCSCCA shall follow the admission policies of the Floyd County School System. Students shall enroll in FCSCCA by enrolling in a Floyd County school. Selection will be based on providing preference to those previously enrolled. FCSCCA shall not have its own separate enrollment.

**Racial And Socioeconomic Diversity**

FCSCCA shall not discriminate against students on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, marital status or for special educational services. Furthermore, FCSCCA shall not discriminate on any basis that would be illegal if used by a school system. FCSCCA’s recruitment plan (see below) will require the CEO to track and report to the Directors FCSCCA’s enrollment percentages by demographic groups and subgroups. The CEO and Directors will consider this information and, if the racial and socioeconomic diversity of the district is not substantially similar to the diversity of FCSCCA’s enrollment, will revise the recruitment plan to improve any and all necessary percentages.

**Recruiting Students And For Maintaining/Increasing Enrollment**

The CEO and Directors will cooperate with the authorizing districts and College to develop a recruitment plan that involves administrators, counselors, teachers, parents, business partners, alumni and students. The CEO will state current enrollment and enrollment trends in the annual
report, as well as in interim reports at every meeting of the Directors. The Directors will hold the CEO accountable for enrollment levels. The CEO will establish and report to the Directors on recruitment priorities, including but not limited to students whose graduation is jeopardized because their high school programs of study will be incomplete without being admitted to attendance.

**Student Discipline And Student Dismissal**

FCSCCA’s rules and procedures concerning student discipline will be modeled after those created by Central Educational Center, as recommended by the Directors and approved by the Local Board. These rules and procedures will be established in light of the needs assessment and its focus on “Work Ethic.” The community has asked FCSCCA to make work ethic a primary focus, alongside curriculum, and FCSCCA will respond. Since FCSCCA is an extension of Floyd County High Schools, as previously described, there is no “dismissal” but merely a prohibition against enjoying the use of FCSCCA. In addition to following the student discipline rules and procedures of FCSCCA, students will also be responsible for adhering to the discipline rules and procedures of their base High Schools. Administrators from FCSCCA and the High Schools will communicate and collaborate on student discipline issues regularly and as needed.

**Grievances And Complaints**

The CEO will also be responsible for resolving grievances and conflicts. In the event that the CEO must recuse himself or herself from the process, the Directors may consider and resolve such grievances or conflicts.
Employment Procedures And Policies

The Local Board shall be responsible for the annual evaluation and re-employment of the CEO upon the recommendation of the Directors and the Superintendent. The Floyd County School System will assist the CEO in the recruitment of secondary staff. The CEO shall be responsible for recommending to the Local Board personnel decisions as related to school system employees and shall report such decisions to the Directors and the Superintendent. Hiring, compensation, evaluation, and termination of system employees are functions of the Local Board as recommended by the CEO and the Superintendent. The CEO shall be advised of personnel decisions made by Coosa Valley Technical College and shall have discussions with the College about such decisions as practical.

Secondary teachers shall be employed on the payroll of the Floyd County School System with such salaries and benefits as may be provided to any comparable School System teachers. The Floyd County School System will assist in the recruitment, hiring, compensation, evaluation and termination of such teachers. The Floyd County School System may not place or remove teachers or staff at FCSCCA without providing notification and explanation to the CEO, which shall be written notice and explanation if requested by the CEO.

Certification

Certification may not be a requirement for career technical teaching positions as long as appropriate work experience shall be substituted. Where appropriate work experience is substituted, and consistent with the Charter School Act, the Floyd County School System shall report each teacher to the State as if the teacher had at least a Bachelor Degree (if less than a Bachelor Degree is held by the teacher) plus appropriate years of work experience (up to the
maximum years of experience upon which the State typically reimburses the Floyd County School System for teachers). Where an advanced degree is held by the non-certificated teacher, and consistent with Charter School Act, the Floyd County School System shall report each teacher to the State as having such a degree plus appropriate years of work experience. The State shall reimburse the Floyd County School System for the administrative position known as Director of High School Programs as being the High School Principal of FCSCCA.

Personnel employed by Coosa Valley Technical College, and working at the Charter School, shall meet the requirements of the Coosa Valley Technical College for employment. Coosa Valley Technical College shall be responsible for recruitment, hiring, compensation, evaluation and termination of such teachers.

**Salary Schedule**

Secondary teachers employed at FCSCCA will be compensated with such salaries and benefits as may be provided to any comparable School System teachers through the district’s salary schedule.

**Fingerprinting And Background Checks**

All personnel employed at FCSCCA shall be fingerprinted and have a criminal record check prior to employment.

**Insurance**

Without waiving any protections afforded public school employees under the doctrine of sovereign immunity or as otherwise provided by law, FCSCCA shall be insured as follows: The Floyd County School System shall provide all such insurance provided for any school in the
Floyd County School System. In addition, Directors of FCSCCA shall be made a part of liability insurance provided to members of the Local Board.

**Transportation Services**

The Floyd County School System shall provide bus service between the high schools in Floyd County and FCSCCA. FCSCCA students shall have access to this service, which will comply with applicable law. Students will also be allowed to drive to the center.

**Food Services**

The Floyd County School System shall provide food service at FCSCCA and at all high schools in Floyd County. FCSCCA students shall have access to such food service either at the high schools, at FCSCCA, or at their choice of either location.
FACILITIES

Location

The main facilities for FCSCCA shall be located in that facility known as Floyd County Schools College and Career Academy, located at 100 Vocational Drive, Rome, Georgia, and at such other satellite locations as shall be approved by the Directors and the Local Board. This facility will meet standards of the Local Board’s facilities department and may be altered or expanded by FCSCCA. Such alteration or expansion shall be in compliance with then existing occupancy rules and codes. Upon approval by the Directors and the Local Board, satellite facilities may be utilized for the operation of FCSCCA when such facilities are in compliance with then existing occupancy rules and codes.

Ownership

This facility is owned by the Floyd County School System (Exhibit I). For purposes of obtaining grant funding from the Technical College System of Georgia, the property may be leased to Coosa Valley Technical College. If such a lease is executed, documentation of the lease will be provided to the state.

Certificate of Occupancy

A certificate of occupancy is included in Exhibit I.

Emergency Safety Plan

The CEO shall prepare and the Directors shall evaluate and recommend to the Local Board a safety plan for FCSCCA in accordance with O.C.G.A. § 20-2-1185 before the school opens in
August 2008. The plan will also be approved prior to this deadline by the Georgia Emergency Management Agency.
PARENT AND COMMUNITY INVOLVEMENT

Developing Petition

During 2006 and 2007, parents, members of the community and other interested parties were directly and substantially involved in developing this original petition. A needs assessment survey was administered to gauge the community’s desire for the inclusion of particular programs in the Charter School curriculum. Results will be used to determine what career technical education programs to include. A community-based group, the “Steering Committee” was formed and applied the results of the survey, labor department data, Chamber of Commerce data and other information to develop the original organization and design of the Charter School. This committee met regularly to plan the mission, vision and curriculum for the school and to secure funding for the facility. The committee members toured the Central Educational Model in Newnan, Georgia, and other replications of that model, collected data from the community regarding programming, and generally worked to inform the community of the concept. Eventually, that Steering Committee will be succeeded by the Charter School’s Board of Directors (the “Directors”), which will be the governing body of the Charter School.

Ongoing Involvement

Parents, members of the community and other interested parties will be involved in the school through changes and additions to Floyd County Schools College and Career Academy Board of Directors and by gathering data from the community, parents, students and faculty. In addition, Floyd County Schools College and Career Academy will market its programs directly to parents, students and business partners. Resulting enrollment figures of Floyd County Schools College and Career Academy will be compared against school system demographics for racial and
socioeconomic subgroups to ensure that enrollment percentages substantially mirror school system enrollment demographics.

Additional data will be gathered through regular updates of the needs assessment, parent surveys, and student surveys – using protocols developed by CEC as a guide and authorized by the Directors.
FISCAL FEASIBILITY AND CONTROLS

**Autonomy**

FCSCCA shall be an extension of the then-existing high school programs in Floyd County (for the purpose of gaining full FTE funding) and so, while a start-up, under the law as it currently exists, FCSCCA planners have incorporated as Floyd County School College and Career Academy, Inc., a Georgia nonprofit corporation (see Articles of Incorporation and By-Laws in Exhibit II).

The financial policies, procedures and controls for public education funds spent by or on behalf of FCSCCA shall be provided by the Floyd County School System and by Coosa Valley Technical College. FCSCCA shall be operated, within such financial policies, procedures and controls as a satellite location for the School System and for the College. Funds shall be distributed to FCSCCA on a pro-rata basis based on the share of time a student attends FCSCCA during the School day.

FCSCCA has only been assigned such public education assets as are needed to operate according to its current Charter Agreement. Such assets are owned by the Floyd County School System or by Coosa Valley Technical College for the specific benefit of FCSCCA.

Exhibit IV provides for the budget for the full term of this Agreement, including: a monthly cash flow projection detailing revenues and expenditures for the first year of operation; spreadsheets projecting cash flow statements, revenue estimates, budgets and expenditures on an annual basis for the five (5) years of the charter term; an estimate of all public and private dollars available
per student; and an itemized list of working capital and assets, including cash, bonds and real estate.

The Local Board and FCSCCA may enter into a purchase agreement or agreements providing for the purchase by FCSCCA from the Local Board of certain goods, services and materials in connection with the operation of FCSCCA.

FCSCCA shall not charge tuition or fees to any student except as may be authorized for local boards by O.C.G.A. § 20-2-133. Tuition and/or fees may be charged for after-school programs or students attending through agreements with other local boards.

In the event FCSCCA ceases operation for any reason, FCSCCA and its policymaking body will be responsible for winding up the business and affairs of FCSCCA and will cooperate with the Local Board and State Board to the extent necessary to provide an orderly return of the students to the their local school. Any public surplus remaining at the time FCSCCA ceases operation shall be remitted to the Local Board, the College, and/or State Board, whichever is appropriate, within 30 days of the day students no longer attend FCSCCA. Any furniture and equipment purchased with public funds shall be delivered to the Local Board, College, and/or State Board, whichever is appropriate, within 30 days of the day students no longer attend FCSCCA.

Neither the Local Board, College nor State Board shall be responsible for FCSCCA's unpaid debts in the event FCSCCA does not have sufficient funds to pay all of its debts at the time it ceases operation.
Audit

Financial audits will be conducted annually by the Floyd County School System following procedures established by the Local Board and under the supervision of the Chief Financial Officer of Floyd County Schools.

Chief Financial Officer

No school in the Floyd County School System has a separate Chief Financial Officer; instead, all schools are served by the system’s CFO, who is a CPA. In the same manner, the school system CFO will serve as the default CFO for FCSCCA’s K-12 revenue and expenses.

Enrollment Count

The Annual Funding Amount and Per-Pupil Allocation: The State Board will allow FCSCCA to report its FTE as an extension of high schools in Floyd County for the purpose of gaining full FTE funding. Funding amounts and per-pupil allocations shall be the same as those provided to all Floyd County high school students and shall be allocated to FCSCCA based on the pro-rata share of the school day the student attends FCSCCA.

Funding Timeline

FCSCCA shall operate according to the budget attached hereto as Exhibit IV and as such budget may from time to time be revised by the Local Board. Such budget includes secondary program dollars provided by the Floyd County School System. The Floyd County School System will handle all payroll for secondary employees and so FCSCCA, will, of necessity, be funded from both State and Local Boards as is any other Floyd County school.
Federal Funds Monitoring

FCSCCA will be accountable for the spending of federal funds through the Floyd County School System.

Other Funding Sources

The Directors may apply for IRS 501(c)(3) status in order to accept charitable contributions from private individuals, foundations, and other organizations. The CEO and Directors may use these assets to create and manage an endowment to support FCSCCA’s operations and its pursuit of continuous improvement of FCSCCA’s programs and partnership.
GOVERNANCE STRUCTURE

Governing Board

FCSCCA shall utilize a policymaking board – specifically the nonprofit Board of Directors.

Open and Public Meetings and Public Records

The Directors shall be subject to the provisions of O.C.G.A. § 50-14-1 et seq. (Open and Public Meetings) and O.C.G.A. § 50-18-70 et seq. (Inspection of Public Records).

Control and Management

The Directors will be the governing body of FCSCCA, subject to the control and management of the Local Board, and subject to the spirit of the partnership among Coosa Valley Technical College; and among local business and industry as represented by the Greater Rome Chamber of Commerce. The spirit of the partnership is partially defined as being such that no partner(s) mentioned above may interfere with the legal right or obligation of the Directors to execute duties required or permitted by O.C.G.A. § 14-3-101 et seq. (Georgia Nonprofit Corporation Code).

The FCSCCA Board of Directors will operate as a subordinate body of the Floyd County School Board. As such it will adopt the Liability and Bonding procedures in place for the School Board. Insurance policies will be extended to provide for like coverage. The Floyd County School System will extend liability coverage to school system employees as it does for all other schools within its system. FCSCCA acknowledges that it is without authority to, and will not, extend the faith and credit of the Local Board or State Board to any third party except as properly authorized to do so.
**Board Functions, Duties, Composition**

The composition of the board shall be as follows:

1) Four parents (one parent from each of the existing high schools in Floyd County, and who are not employees of Floyd County Schools or Coosa Valley Technical College)

2) Two business representatives recommended by the Greater Rome Chamber of Commerce

3) Two secondary education representatives (one representing the Floyd County School System and one representing the secondary faculty of the Charter School)

4) Two post-secondary education representatives (one representing Coosa Valley Technical College and one representing the post-secondary faculty of the Charter School)

5) One representative at-large

Unless removed as provided herein, those persons in Classification (1) shall serve an initial term of one (1) year. Those persons in Classifications (2) and (3) shall serve an initial term of two (2) years, and those persons in Classifications (4) and (5) shall serve an initial term of three (3) years.

Thereafter, all Directors shall serve three (3) year terms unless removed as provided herein. There shall be no less than eleven (11) nor more than twenty-two members on the Board of Directors as determined by the Board, except that any increase in the number of persons appointed to the Board in one Classification shall automatically trigger a proportionate increase in the number of persons appointed to serve in all other Classifications.
The Directors shall meet at least six times annually in regularly scheduled session. The Directors shall, at such meetings, and in such other sessions as may be called from time to time, focus on the achievement of the measurements indicated in this Agreement. As well, the Directors shall focus on the establishment and enforcement of FCSCCA policies and the development and achievement of strategic objectives.

**Board Selection, Service, Removal**

Manner of Election of Directors. Except as provided in By-Laws Section 3.2, all Directors shall be elected at the annual meeting of the Board of Directors by majority vote of the Board of Directors; provided that any replacement Director must fall within the same Classification as the Director being replaced, and all appointments of the Board of Directors for replacement Directors must be approved by the Local Board of Education prior to such person taking office.

Chairman. The Board of Directors by majority vote shall annually elect its Chairman, who shall preside at all meetings of the Board and perform such other functions as the Board may determine consistent with the Bylaws.

Removal. Any Director may be removed either with or without cause at any regular, special or annual meeting of the Board of Directors, by the affirmative vote of a majority of all the Directors then in office if notice of intention to act upon such matter shall have been given in the notice calling such meeting. Any Director may also be removed with or without cause by majority vote of the members of the Local Board at any regular or called meeting of the Local Board.
Vacancies: Any vacancy in the Board of Directors arising at any time and from any cause, including, without limitation, the authorization of an increase in the number of Directors, may be filled for the unexpired term of an existing Director, or for a designated term for an additional Director, at any meeting of the Board of Directors by a vote of a majority of the Directors then in office; provided, that if the appointment is to fill a vacancy of an existing Director, the replacement Director must fall within the same Classification as the Director being replaced. If the appointment is to increase the size of the Board of Directors, the number of persons appointed and the classifications of persons appointed must comply with the requirements set forth in Section 3.2 of the Bylaws. In both events, such appointments must be approved by the Local Board prior to the newly appointed Directors taking office.

Compensation. No Director of the Corporation shall receive, directly or indirectly, any salary, compensation or emolument therefrom as such Director or in any other capacity. However, nothing contained herein shall be construed to prevent any Director from serving the Corporation in any other capacity and receiving reasonable compensation for services rendered in furtherance of the purposes and functions of the Corporation.

**Conflicts of Interest**

As an extension of the existing high school program in Floyd County, FCSCCA will be considered in partnership with all schools under the control and management of the Local Board, especially of middle schools and high schools. FCSCCA will also be considered in partnership with all the organizations listed in the first paragraph of this agreement, and of every business or industry associated with said organizations. As the mission of the school is “to ensure a viable
21st century workforce” for these partners and for the community, every entity considered a partner will be expected and encouraged to participate in programs and policy-making that impact that mission, and no partner will be considered under a conflict of interest so long as the benefits provided by any program or policy of FCSCCA benefit multiple partners and help achieve the above mission.

Upholding Mission and Vision

The Directors will focus on the achievement of the measurements indicated in this Agreement.

Performance Appraisal

The Directors shall be responsible for the selection of the CEO, in consultation with the Superintendent and Local Board. The Directors shall also consult with the Local Board and Superintendent for the annual evaluation of the CEO.

Effective Organizational Planning And Financial Stability

The Directors shall focus on the establishment and enforcement of FCSCCA policies and the development and achievement of strategic objectives.

Grievance and Conflict Resolution

The CEO will be responsible for resolving grievances and conflicts. In the event that the CEO must recuse himself or herself from the process, the Directors may consider and resolve such grievances or conflicts.
**Stakeholder Involvement**

The Directors will represent FCSCCA’s stakeholders, and those stakeholders may petition to address the Directors during any Board meeting, following the adopted procedures of the Directors.

**Business Arrangements**

As a non-profit Board, the Directors will be able to make any legal and/or contractual arrangements as are made by a typical non-profit business.

**Conflict Resolution With Local Board**

In the event that a grievance or conflict involves the Local Board, the parties will pursue a resolution that considers that the Local Board retains control and management over the Directors and FCSCCA; however, the Local Board will also consider the spirit of the partnership.

**Education Management Agency Contract**

FCSCCA will not contract with for-profit educational management agencies to manage all or part of the operations of FCSCCA. The Directors may enter into agreements with the partners listed in the first paragraph of this agreement to assist with the funding and maintenance of FCSCCA’s facilities and operations.
ANNUAL REPORT

FCSCCA shall, by October 1, submit an annual report that includes all State-mandated assessment and accountability scores and complies with all requirements set out in O.C.G.A. § 20-2-2067.1(c)(1)-(6). The report will also be made available to the community and all stakeholders.

4.5 Waiver. Attendance by a Director at a meeting shall constitute waiver of notice of such meeting, except where a Director attends a meeting for the express purpose of objecting to the transaction of business because the meeting is not lawfully called. See also Article Five (“Notice and Waiver”).

4.6 Quorum. At meeting of the Board of Directors, a majority of Directors then in office shall be necessary to constitute a quorum for the transaction of business.

Exhibit III - Annual Calendar and Daily Schedule

As an extension of the existing high school programs of Floyd County Schools, the Charter School will observe the annual calendar of the Floyd County School System, with the postsecondary instructional calendar set in collaboration with representatives from Coosa Valley Technical College. The daily schedule at the Charter School will be offset from the bell schedules at the respective high schools to permit adequate time for student transportation throughout the school day. Those bell schedules will be examined and adopted by the Local Board and the Directors.

Mr. Andrew W. Broy
Director of Charter Schools
2054 Twin Towers East
205 Jesse Hill Jr. Drive SE
Atlanta, Georgia 30334

Dear Mr. Broy:

I am writing to inform you of my intent to submit a Charter School Application/Petition to the Floyd County Board of Education (FCBOE). It is submitted six months prior to the FCBOE deadline for application submission which is on or about June 5, 2007.

The charter school will be located within the Floyd County School System and will service students in grades 10 – 12. We anticipate a student enrollment of about 600 during the first year of operation. We plan to open the charter school for operation August 1, 2008.

Our mission is to ensure new and viable options for students as they prepare to enter the 21st century workforce. We envision a school centered around a seamless education that connects and combines academics with career education, high school with college, and education with business.

Sincerely,
