Building Community . . . The Foundation for Excellence

No society can remain vital or even survive without a reasonable base of shared values. When community exists, it confers upon its members identity, a sense of belonging, a measure of security. A community has the power to motivate its members to exceptional performance. Community can set standards of expectations for the individual and provide the climate in which great things happen.

Parent Leadership

Meaningful Parent Leadership occurs when parents *gain* the knowledge and skills to *function* in meaningful leadership roles and *represent* the “parent voice” to help *shape* the direction of their families, programs and communities. Parent leadership is successfully achieved when parents and professionals “Build Effective Partnerships” and *share* “Responsibility”, “Expertise,” and “Leadership” in decisions being made that affect families and communities. The parents involved in these collaborations are called *Parent Leaders*.
