N/A	These “Access” courses align to approved state-funded courses but provide access to the standards established for the approved course. In order to meet the IEP or local system requirements for students with significant cognitive disabilities, any approved state-funded course may be designated as an Access course by utilizing a 5 in the fourth numerical digit. Access courses must align to the approved course and all instruction (utilizing assistive technology as needed) should embed the mastery of IEP goals and objectives. Instruction should occur in community based settings in addition to the classroom setting. Related skills for independent living, employment, and self-determination are developed within the course content.	Addition - Clarifying Language for Access Courses - pages 6-7
