# Purpose

Data collected through the Pre-ID data collection is used to generate labels that are included among the test materials sent from the test vendor to the school systems.

- The **Pre-ID** data collection is designed to
  - help school systems report accurate demographic and program data on selected state-mandated assessments
  - alleviate the need for students and/or teachers to bubble demographic and program data on answer documents
  - assist in the accurate matching of assessment records to student record data reported at the end of the school year

# Portal Access to Pre-ID

Pre-ID is setup to allow access to the following district level users:

- FTE Coordinator
- Student Record Coordinator
- Assessment Coordinator.

These individuals are able to

- upload files
- delete data
- access reports

# Pre-ID Cycles & Test Types

- There are **three** data collection cycles for Pre-ID labels:
- **Cycle One - August (08/22/2011-08/29/2011)**
  - GHSWT – Test Type '02'

# Who and What To Report

- Pre-ID data is reported for **active** students.
  - Withdrawn students should not be extracted and reported in Pre-ID as they will not require labels for the designated test types.
- The **Test IDs** reported for a given cycle must be valid for that cycle.
- **Same layout** used for every cycle, but each cycle has data requirements specific to tests for that cycle.

# Layout - Data Elements

- System Code
- School Code
- Grade Level
- First Name
- Middle Initial
- Last name
- Student Number
- Report Period
- Gender
- Date of Birth
- SRC Code (Primary Exceptionality)
- **EL (English Learner, formerly ELL)**
- Section 504
- Title I Reading
- Title I Mathematics
- Migrant
- EIP
- Teacher Last Name
- Teacher First Name
- Test ID
- GTID
- Course Number
- Course Section
- Online Indicator
- Ethnic Flags (Hispanic, Am Indian, Asian, Black, Pacific, White)

*See the “Data Element Detail” document for definitions.*

# New This Year

## EL (formerly ELL)

### **ENGLISH LEARNER – EL (formerly ELL - ENGLISH LANGUAGE LEARNER)**

indicates whether the student has been identified as having limited proficiency in English. EL students are eligible for participation in the state-funded ESOL program.

- Enter a 'Y' if the student has been tested and identified as EL.
- Enter 'M' if the student is no longer EL but is in the monitoring phase.
- **Enter 'F' if the student has completed the two years of monitoring.**
- Enter 'N' for all non-ELL students who have not be identified as EL at any point.

### Must equal one of the following codes:

'Y' = Yes, student has limited English proficiency.

'N' = No, student does not have limited English proficiency

'M' = Student Monitored

**'F' = Former EL Student – no longer monitored**

# Layout Edits

- Although the same type of information is reported in each cycle, it is important to note that each record must reference the **Test ID** that is valid for the cycle and the **student's grade level**. Edit rules will apply to the data as it is processed.

- To review the edit rules, see the  
**2012 PRE-ID LABELS FILE LAYOUT**  
found at the following website:

# Special Ed Warnings

A warning will be generated for a given school and Test ID, if either of the following conditions is true:

- No SRC\* codes are reported; or
- More than 25% of the students report an SRC code.

\* SRC Code = Primary Area of Exceptionality
