### Section I Introduction

The Career, Technical and Agricultural Education (CTAE) division of the Georgia Department of Education is pleased to present this guide for Perkins IV Core Indicators of Performance for Georgia. We are confident you will find this guide to be informative, and most importantly, user friendly.

The key to ensuring that your use of Perkins funds complies with the federal law is a full understanding of the content and context of the core indicators. With new requirements for local accountability and programs of study (Career Pathways), it is more important than ever that all CTAE professionals, at all levels understand the priorities set forth for the CTAE programs.

In this guide you will find explanations of:

- Perkins IV
- Core Indicators of Performance
- Business Rules for Core Indicators of Performance
- System Adjusted Level of Performance (Target)
- Setting System Adjusted Level of Performance
- Negotiating System Adjusted Level of Performance
- Sanctions

These sections will enable you to understand the new legislation as it relates to the Perkins IV Core Indicators of Performance. Use this information as you implement program improvement and continue to update and expand your CTAE programs.

While this Guide provides comprehensive information about the federal Perkins Act, be sure to also consult with your regional coordinators on policies specific to your local system. While the federal Perkins Act provides a strong foundation, there will be numerous detailed decisions made by CTAE and you during the law's implementation.

The 2006 Perkins Act provides direction and funding to support continuous improvement in career and technical education. It is up to the community of educators around the state to ensure this continuous improvement happens, and that CTAE is seen as integral to secondary and postsecondary reform efforts underway in communities like yours. We hope this guide will provide all the information you need to successfully implement strategies for performance improvement for Perkins IV.

### Section II

### **Business Rules for Core Indicators of Performance**

Indicator: 1S1 (a) Academic Attainment - Reading

Definition	Georgia's Notes	Notes / Calculation
	CTAE Concentrators – A	
Numerator: Number of		Step 1 – Identify Vocational

		Exocods/Number rested).

Definition	Georgia's Notes	Notes / Calculation
Exit Reporting Group: Students Who Left Secondary Education in the Reporting Year These proposed  Measures utilize an exit reporting group. This group refers to all concentrators who did not return to secondary education the following fall semester after the school year for which states are reporting. This group includes both graduates and dropouts. States can exclude students who have transferred to other secondary schools and students not returning because of unusual circumstances (e.g. accidents, health).	school in the reporting year with either a drop out withdrawal code or a code of "G" for graduation (Refer to Student Record for Details). Summer graduates are also included.  Met NCLB Standards – To determine if a student met NCLB standards, Georgia will use the student scores that are included in the accountability system used to generate the Adequate Yearly Progress (AYP) Reports. Most students will have taken the GHSGT during the spring administration of their 11 <sup>th</sup> grade year, but some students may have taken the GHSGT during another administration. For students who took the GHSGT during the spring administration of their 11 <sup>th</sup> grade year, the enhanced "cut" score will be used to determine proficiency standards. For student who took the GHSGT outside the main spring administration, the non-enhanced "cut" score will be used. This aligns with the Georgia's AYP calculation	Notes / Calculation
	business rules.	

### Indicator: 1S1 (b) Academic Attainment - Mathematics

Definition	Georgia's Notes	Notes / Calculation
Numerator: Number of	CTAE Concentrators – A	Step 1 - Identify vocational
concentrators who have met	concentrator is defined as a	Concentrators.

Most students will have taken the GHSGT during the spring administration of their 11 <sup>th</sup> grade year, but some students may have taken the GHSGT during another administration. For students who took the GHSGT during the spring administration of the 11 <sup>th</sup> grade year, the enhanced "cut" score will be used to determine proficiency standards. For students who took the GHSGT outside the main spring administration, the nonenhanced "cut" score will be used. This aligns with the Georgia's AYP calculation business rules.	

Indicator: 2S1 Technical Skill Attainment

Definition	Georgia's Notes	Notes / Calculation
Numerator: Number of CTAE concentrators who passed technical skill assessments that are aligned with industry-recognized standards in the reporting year.  Denominator: Number of CTAE concentrators who took the assessments in the reporting year.	Pathway Completer - A pathway completer is a concentrator who completed the requirements for the Georgia High School Graduation Test (GHSGT) and also, successfully completed three identified courses within a pathway.  TBD: In Process	Proposed Calculation: Please note calculations will be updated once associated definitions are in place.  Step 1 - Identify CTAE concentrators  Step 2 - Identify CTAE concentrators who took technical skill assessments which are aligned with industry-recognized standards in the reporting year.
Reporting Group: Concentrators who took skill assessments in the reporting year. This proposed measure will include program concentrators (pathway completers) who took skill assessments in the reporting year. This group refers to all concentrators who attempted skill assessments. This group would include graduates, dropouts or students in grades 10-12 that qualified as concentrators (pathway completers) and took skill assessments in the reporting year.	Student Data Source: TBD  List of assessments will be added as skills assessments and cut scores become available. Cut scores will be determined as assessments become available.	Step 3 - Match list of CTAE concentrators who took technical skill assessments that are aligned with industry standards.  Step 4 - Identify the number of CTAE concentrators who took technical skill assessments (matched). This will be the denominator.  Step 5 - Identify the number of CTAE concentrators who met or exceeded technical skill assessments. This will be the numerator.  Step 6 - Divide the number of CTAE concentrators who passed technical skill assessments by the number of

	Primary Assessment: GHSGT	

### Indicator: 4S1 Student Graduation Rates

Definition	Georgia's Notes	Notes / Calculation
Numerator: Number of CTAE Concentrators who, in the reporting year, were included as graduated in the state's computation of its graduation rate as described in Section 1111(b)(2)(C)(vi) of the ESEA.  Denominator: Number of CTAE concentrators who, in the reporting year, were included in the state's computation of its graduation rate as defined in the state's Consolidated Accountability Plan pursuant to Section 1111(b)(2)(C)(vi) of the ESEA.	CTAE Concentrators – A concentrator is defined as a student who has earned three or more Career Technical Courses in a specific program area during their high school career. Student Record data will be utilized.  Student Graduation Rate – Student Graduation Rate will be calculated using the same calculation used for calculating graduation rate used for Adequate Yearly Progress (AYP), but only students identified as CTAE concentrators will be included.	Georgia's Graduation Rate Calculation – Since 2002, Georgia has been calculating its high school graduation rate using a "proxy" formula – one of the three federally allowed high school graduation rate formulas since the enactment of the No Child Left Behind Act of 2001.  Definition Regular diploma recipients as a percent of students leaving high school over a four-year period (estimated as the sum of diploma recipients and dropouts during the past four years in grades 9 through 12 respectively).  Graduation Rate= # of regular diplomas divided by the # of regular diplomas + # of special education diplomas + # of certificates of attendance + # of dropouts in the 12 <sup>th</sup> grade (current year), 11 <sup>th</sup> grade (current year-1), 10 <sup>th</sup> grade (current year -2) and 9 <sup>th</sup> grade (current year -3)

Indicator: 5S1 Secondary Placement

Definition	Georgia's Notes	Notes / Calculation
Numerator: Number of CTAE	Placement: This will be CTAE	Step 1 - Identify CTAE

		completion, dropout or		
		withdrawn code of 'G'.		

### Section III

### <u>Setting System FY09 Adjusted Level of Performance (Targets)</u>

1. If a system is above FY09 USDOE State Adjusted Level of Performance (Target) and above Georgia's FY07 State Performance Level the **system should maintain or increase the system's performance**.

### Sample Calculation:

Maintain or increase if system is above Georgia's FY09 USDOE State Adjusted Level of Performance (Target) and above Georgia's FY07 State Performance Level.

 If a system is below FY09 USDOE State Adjusted Level of Performance (Target) and below Georgia's FY07 State Performance Level the FY09 System Adjusted Level of Performance will be calculated using the following formula: Georgia's FY09 USDOE State Adjusted Level of Performance (Target) minus FY07 system's Performance Level divided by four.

### Sample Calculation:

Expected Increase = FY09 USDOE State Adjusted Level of Performance (Target) minus FY07 Systems Performance Level score divided by four

FY09 USDOE State Adjusted Level of Performance (Target) = 62

FY07 State Performance Level = 60

FY07 System Performance Level = 52

FY09 System Adjusted Level of Performance (Target) = 62-52=10 10/4=2.5 increase (52 + 2.5 = 54.5)

3. If a system is above FY09 USDOE State Adjusted Level of Performance (Target) and below Georgia's FY07 State Performance Level the FY09 System Adjusted Level of Performance will be calculated using the following formula: System will increase current performance level by 10 percent of the difference between the system's performance and the state's performance.

#### Sample Calculation:

FY09 USDOE State Adjusted Level of Performance (Target) = 65

FY07 State Performance Level = 72

FY07 System Performance Level = 67

FY09 System Adjusted Level of Performance (Target) = 72 - 67 = 510% of 5 = 0.5 FY09 System Adjusted Level of Performance (Target) is 67+0.5 = 67.5

### **Section IV**

## <u>Process for Negotiating with State for System Adjusted Level of</u> <u>Performance (Target)</u>

Source of Reference: ACTE Perkins Act of 2006 - The Official Guide

#### **Local Levels of Performance –**

In General – Each eligible recipient shall agree to accept the State adjusted levels of performance established under paragraph (3) as local adjusted levels of performances, or negotiate with the State to reach agreement on new local adjusted levels of performance, for reach of the core indicators of performance described in subparagraphs (A) and (B) of paragraph (2) for career and technical education activities authorized under this title. The levels of performance established under this subparagraph shall, at a minimum;

- I. be expressed in a percentage or numerical form, consistent with the State levels of performance established under paragraph (3), so as to be objective, quantifiable, and measureable; and
- II. require the eligible recipient to continually make progress toward improving the performance of career and technical education students.

### Agreement on Local Adjusted Levels of Performance for First 2 Years.

The eligible agency and each eligible recipient shall reach agreement, as described in clause (i), on the eligible recipient's levels of performance for each of the core indicators of performance for the first 2 program years covered by the local plan, taking into account the levels identified in the local plan under clause (ii) and the factors described in clause (v). The levels of performance agreed to under this clause shall be considered to be the local adjusted levels of performance for the eligible recipient for such years and shall be incorporated into the local plan prior to the approval of such plan. (*Perkins Act of 2006: The Official Guide*)

## Georgia's Process for LEA's to Negotiate with DOE/CTAE for System Adjusted Levels of Performance (Target)

- 1. Notice by email to <a href="mailto:LPlan@doe.k12.ga.us">LPlan@doe.k12.ga.us</a>, with the subject line of the email to be addressed as: attention System Adjusted Level of Performance (Target), within 30 days after receiving the official System's Adjusted Level of Performance (Target) from DOE/CTAE Division.
- 2. Provide written valid justifications for not accepting System Adjusted Level of Performance (Target) for each indicator to be negotiated.

- 3. Local systems must use Georgia's adopted business rules for Core Indicators of Performance as described in the State Five-Year Plan and/or Section I of this document.
- 4. To start the process of negotiation, systems will receive notification from DOE/CTAE Division within ten working days of receiving notification to negotiate.
- 5. Negotiations shall be resolved within ten working days from start of the process.
- 6. Each Core Indicators of Performance will be considered separately for negotiation with supporting document from local systems for each Core Indicators of Performance being negotiated.
- 7. DOE/CTAE Division will notify System of the resolution of the System's Adjusted Level of Performance (Target).

### Section V

## <u>Implications for Not Meeting System Adjusted Levels of Performance</u> (Target)

- 1) **Plan.** If a Local System fails to meet at least 90 percent of an System Adjusted Level of Performance for any of the core indicators of performance described in section 113(b)(3), the eligible agency shall develop and implement a program improvement plan (with special consideration to performance gaps identified under section 113(c)(2)) in consultation with the appropriate agencies, individuals, and organizations during the first program year succeeding the program year for which the eligible agency failed to so meet the System adjusted level of performance for any of the core indicators of performance.
- 2) If the State determines that an eligible agency is not properly implementing the eligible agency's responsibilities under section 122, or is not making substantial progress in meeting the purposes of the Act, based on the System adjusted levels of performance, the State shall work with the eligible agency to implement the improvement activities consistent with the requirements of the Act.

### 3) Subsequent Action. -

- a) In General The State may, after notice and opportunity for a hearing, withhold from an eligible agency all, or a portion, of the eligible agency's allotment under paragraphs (2) and (3) of section 112(a) if the eligible agency –
  - i) fails to implement an improvement plan as described in paragraph (1);
  - ii) fails to make any improvement in meeting any of the State adjusted levels of performance for the core indicators of performance identified under paragraph (1) within the first program year of implementation of its improvement plan described in paragraph (1); or
  - iii) fails to meet at least 90 percent of an agreed upon State adjusted level of performance for the same core indicator of performance for 3 consecutive years.
- b) **Waiver for Exceptional Circumstances** The State may waive the sanction in subparagraph (A) due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in enrollment.

(Target) finalized.

May 15, 2009 Local plan submitted with agreed upon FY10

System Adjusted Level of Performance

(Target).

### **Definitions**

### **State Adjusted Level of Performance**

The Secretary of Education and the State shall reach agreement on the final levels of performance that shall be incorporated in the state plan for the first two program years. The agreement shall take into account how the level of performance identified by the state compare with other states, characteristics of participants, services and instruction provided, and the extent to which the levels of performance promote continuous improvement. [Section 113(b)(3)(A)(iii),(vi)].

### **System Adjusted Level of Performance**

States, with input from local recipients, shall identify levels of performance for each of the core indicators. Levels of performance shall be expressed in a percentage or numerical form so as to be objective, quantifiable and measurable, and require the state to continually make progress toward improving the performance of vocational and technical education students. [Section 113(b)(3)(A)(i)]

### **Agreed Upon Level of Performance**

Each local program must agree to accept the state adjusted levels of performance or negotiate their own unique levels of performance for the appropriate set of core indicators. Local levels of performance are negotiated in a substantively identical manner to state levels of performance, with the eligible agency taking the supervisory role of the Secretary and the eligible recipient the role of the eligible agency. [Section 113(b)(4)]

#### **CTAE Enrollees**

An enrollee is a secondary student enrolled in a Career, Technical and Agricultural Education (CTAE) program area.

### **CTAE Participants**

A participant is a secondary student who has earned one (1) or more credits in a CTAE program area. (JROTC credits do not count in the calculation of Perkins IV indicators for the state).

#### **CTAE Concentrators**

A concentrator is defined as a student who has earned at least three (3) credits in a particular CTAE program area during his/her high school career.

### **Pathway Completers**

A pathway completer is a concentrator who completed the requirements for the Georgia High School Graduation Test (GHSGT) and also, successfully completed the three identified courses prescribed within a pathway.

#### Five-Year Perkins IV Local Plan

Each local secondary or postsecondary eligible recipient needs to submit a local plan in order to qualify to receive Perkins funds. The plan must correspond to the time period covered by the state plan described in Section 122 (a five-year plan). The state will establish requirements for the submission of the local plan. The local plan must address at least the 12 specific requirements identified in Section 134(b). [Perkins Act of 2006: The Official Guide]

### **Nontraditional Pathways**

Identified CTAE Programs that lead to employment in nontraditional fields.

### **Nontraditional Participants**

Students in grades 9-12 enrolled in CTAE program pathways that lead to employment in nontraditional fields.

#### **Perkins IV Report Card**

Local programs are required to submit annual reports, in essentially the same manner as state reports are submitted to the Office of Vocational and Adult Education (OVAE). Each eligible recipient shall publicly report, on an annual basis, its progress in achieving its levels of performance on the core indicators of performance. [Section 113(b)(4)(C)(i)]

NOTE: JROTC pathways are not used in the calculation of Perkins IV indicators for the state.

### **Withdrawal Codes**

## STATE IDENTIFIED CODES USED IN CORE INDICATOR CALCULATIONS: Code Description

Code	Description
В	Marriage
С	Court Order or Legal Requirement
D	Death
E	Expelled
