**OVERALL PROJECT QUALITY (10 points)**

In this section, readers are asked to consider the grant proposal holistically and assign a score for overall quality of the proposal. Above all else, the reviewer must consider the school system’s capacity to implement the required grant activities so that the critical grant outcomes of creating a model that will build capacity for using technology to improve literacy that can be replicated throughout the state; leveraging the Lexile Framework® to improve student reading and writing scores; increasing Georgia’s capacity to provide high quality literacy professional learning opportunities; and increasing student technology literacy by providing students opportunities to use digital media tools are achieved.

**STOP! Total your scores for the first nine (9) Sections**

**Score for first 9 Sections (Format Section + Sections A – H) = \_\_\_\_\_**

Based on this score and using the following scoring blocks, determine your recommendation for funding. If the score for the first nine (9) sections is **67** or less, then do **NOT** recommend them for funding. If you think this score is not a correct representation for the first 9 Sections, then please go back and re-score them.
