7. EXCLUSIONARY FACTORS

*A child must **not** be determined to be a child with a disability: if the determinant factor for that eligibility is lack of appropriate instruction in reading, including the essential components of reading instruction (as defined in section 1208(3) of ESEA); lack of appropriate instruction in math; or limited English proficiency; and if the child does not otherwise meet the program area eligibility criteria for a child with a disability.*

Factors to Consider	YES	NO	Explain
1. Lack of appropriate instruction in reading.			
2. Lack of appropriate instruction in math.			
3. Lack of appropriate instruction in writing.			
4. Lack of English Proficiency			
5. Cultural Factors			
6. Environmental or economic disadvantage			
7. Atypical educational history (multiple school attendance, lack of attendance, etc.)			

For some students the following factors may be exclusionary. However, if the **primary area of concern for a student is one of the issues in the chart below**, proceed to the questions below the chart. For all others, please complete the chart and the questions below the chart.

Questions	YES	NO	Explain
1. Does the child have adequate visual capability?			
2. Does the child have adequate hearing capability?			
3. Does the child have a motor impairment that impacts results of assessments?			
4. Does the child exhibit selective mutism, tongue thrust, or dialectic differences in language?			

Are there exclusionary factors that should be resolved prior to determining eligibility?

- YES** Discontinue eligibility decision-making. The student is not eligible for special education services at this time.
- NO** Continue to next section

8. DECISION MAKING FOR ELIGIBILITY

Have Interventions been implemented and monitored as designed for an appropriate time to show effect or lack of effect in the identified area(s) of concern?

- YES** Continue with the eligibility determination. **(Proceed)**
- NO** The student does not meet eligibility requirements under IDEA. **(Complete Committee Rationale)**

Progress monitoring demonstrated the child is not making sufficient rate of progress to meet age or State-approved grade-level standards within a reasonable time frame when child's response to intervention is measured. Therefore, there is an adverse affect on educational (functional, developmental and/or academic) performance.

- YES** Continue with the eligibility determination.

The student needs special education and related services in which the content, methodology, or delivery of instruction is adapted to address the unique needs of the child that result from the child's disability.

- NO** The student does not meet eligibility requirements under IDEA. **(Complete Committee Rationale)**

Committee Rationale: Please include any applicable comments.
